Disclaimers and Disclosure related to Investment Results

Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that the future performance of any specific investment, investment strategy, investment strategies recommended by the advisor, or product referenced to directly or indirectly on this website, or indirectly via hyperlink to any unaffiliated third-party website, will be profitable or equal to past performance levels.

All securities have the potential for profit or loss. Changes in investment strategies, contributions, withdrawals, and reinvestment may materially alter the performance. Varying investments involve varying levels of risk, and there is no assurance that a specific investment will either be suitable or profitable for a client's investment portfolio.

Historical performance results derived from indexes and/or categories, generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. Indexes are used for illustrative purposes and do not constitute investment advice. Economic factors, market conditions, and investment strategies will affect the performance of any investment portfolio, so there is no assurance that it will match or outperform any index or benchmark.
